

3<sup>rd</sup> IEEE-TEMS International Conference on  
Technology and Entrepreneurship 2023

# DIGITAL ECOSYSTEMS FOR SUSTAINABLE SOCIETY

Face-to-face conference experience with online sessions available

We are pleased to invite you to be one of the sponsors for the upcoming annual event - 3<sup>rd</sup> IEEE-TEMS International Conference on Technology and Entrepreneurship 2023 on Digital Ecosystems for Sustainable Society, hosted by the Kaunas University of Technology and IEEE TEMS.

The IEEE-TEMS ICTE 2023 conference on Digital Ecosystems for Sustainable Society is a unique opportunity for organizations to showcase their commitment to innovation and sustainability in the rapidly evolving digital landscape.

With an estimated reach of – 300 participants, this will be an excellent opportunity for you to enhance your organization's profile.

9–11 October, 2023

Santaka Valley, Kaunas, Lithuania

# WHY BECOME A SPONSOR?

As a sponsor, you will have the opportunity to connect with a **diverse audience of researchers, academics, practitioners, entrepreneurs, government officials, and thought leaders** in the field of technology and sustainable development. By participating in this conference, you will be able to:

01

**Increase brand exposure** and reach a **wide audience** of key stakeholders in technology and sustainability fields.

02

Showcase your products, services, and solutions to an engaged audience of **potential customers, partners, and investors**.

03

**Network with leading researchers, academics, and practitioners** in the field and gain valuable insights into the **latest developments in digital ecosystems and sustainability**.

04

Demonstrate your commitment to innovation and sustainability, and position your organization as a **thought leader in the field**.
